Canada Lake & Lodge
a unique venue for a special day

Corporate Services – General Information

Canada Lake and Lodge is situated on the outskirts of Creigiau village a few miles from junction 34 of the M4 and just north-west of Cardiff and within easy reach of local hotels. The lake-side Lodge has two function rooms that each hold 130 seated guests and up to 250 guests in open format layout. A projector, flipcharts and wireless Internet access are available and the rooms can be configured to suit most requirements. The venue is set in five acres of superb private grounds so that can be incorporated into your event if required.

Canada Lodge also offers a superb catering and refreshment service and our team of proven specialists will guide you through planning your event as well as support you during its course. We guarantee that the venue and setting will impress both clients and staff alike. You can host an informal event with a barbeque or buffet, or something altogether more formal and lavish.

Also please note that we also offer corporate fishing packages which we can combine with informal or formal catering to deliver tailored events to match your requirements and budget.

Canada Lodge has its own free Car Park and we will be glad to assist with shuttle and hotel arrangements and event planning. Much more information, including a photo gallery, directions and a booking enquiry form is available from our website, alternatively please phone or email us and we will be glad to assist in any way we can. A viewing is easily arranged by calling us and we look forward to hearing from you.

The following table is a guide to room capacity, please note each room can be divided into sections and that we will always try our best to accommodate any specific room configuration requirements you may have.
